---

## Experience

AUGUST '20 – SEPTEMBER '20

### **USER INTERFACE DESIGNER - Intern / Hey-Tech IT Services (Remote)**

During this job, I have designed user interfaces for applications and webpages. My role is to design an optimal user experience throughout the application. I have used various designing technologies like **Adobe XD**, InVision, Figma for Logo Designing etc.

---

## Education

NOVEMBER '20 - PRESENT

### **Bachelors of Technology – CSE (AI)/ Medicaps University, Indore**

Currently, I am pursuing my B.Tech degree in Computer Science and Engineering. I am a member of the Technology club also.

2018 - 2020

### **High School Diploma / Guru Harkrishan Public School, Indore**

I have completed my High School Course with Science and Mathematics. My Optional Subject was Computer Science with C++. I scored 65% in my Board Examinations.

---

## Activities

As a Computer Science Enthusiast, I really like to take part in Events related to tech and enjoy discussing about new technologies. I love to contribute in **Open Source** too and have my personal open source projects also. I usually take part in events like Hacktoberfest. I also like to do **competitive programming** in my free time.
